

## Commercial Upright Vacuums

### Ironside Upright Vacuums

- 12" or 16" cleaning width models
- Heavy-duty hardened steel hood assembly
- Aluminum chassis with 5 year warranty
- Metal fan with 2 year warranty
- Internal switch in yoke for easy on/off
- See through fan cover
- Heavy duty steel cord hooks
- Enviro-Clean paper bag, Vacucide cloth bag or dirt cup models

The "Ironside" upright is one of the most durable vacuums ever made. It features all metal construction that can withstand the most rigorous cleaning schedule. Both models are light-weight enough to travel from job to job with a powerful 145 CFM. The clear fan cover makes internal inspection and cleaning quick and simple. With a 12 or 17 inch cleaning path, you get powerful cleaning with rugged dependability.

<b>Warranty</b>	1 year – motor, parts, workmanship 2 years – on fan, switch, and yoke 5 years on metal chassis
<b>Weight</b>	14.72 lbs. - PF1886 / 19 lbs. - PF1887

## Allergy Sufferers May Now Safely Vacuum!

Enviro-Clean Paper Bags Capture and Contain Over 99% of All Allergens as Small as 0.1 Micron! The Enviro-Clean Bag combines a standard paper layer with a non-woven electrostatically charged air filter inner lining formed of meltblown microfiber webbing. Enviro-Clean Provides 10 Times Greater Filtering Efficiency than Conventional Vacuum Paper Bags!

## The Patented Venturi Vibra-Kleen Cloth Bag

The Patented Venturi Vibra-Kleen System is a commercial cloth bag which houses a vibrating sleeve. As air moves up the vacuum intake through the Venturi sleeve, the sleeve vibrates, beating against the walls of the bag, eliminating clogged bags and overheated motors.

Vacucide is a cloth bag technology that kill 99.9% of the known disease-causing microorganisms recognized to be a health hazard and found in common commercial cloth vacuum bags.
